

Prayer room

All Souls: A tree in the prayer room provided an opportunity for people to hang doves with loved ones' names on as a way to remember them.

Dedicated prayer space is central to the provision of spiritual support
It enables students and staff to carry out elements of their religious observance

It shows those students and staff that the college support them

It shows the whole college community that the college is interested in the whole person

Tried and tested provision includes:

Hand and/or foot washing facilities

Muslim Prayer mats

Holy Scriptures of major religions

Organised prayers where appropriate

Reflective activities at suitable festivals
