

# Tutorial Activities

*Nirvana Day: Students made prayer flags which disintegrate in the weather. Buddhists believe these flags spread good luck on the wind.*

Tutorial activities can raise awareness of religious and cultural diversity and can be linked to religious festivals and cultural events as they occur during the year.

Activities offer a hands-on learning approach in addition to stories and discussion.

The Diocese can provide a booklet of ideas; 'Activity Ideas for Chaplaincy in Further Education', direct to tutors/support staff. Alternatively community partners could deliver direct.

Tried and tested activities include:

Making bracelets for Diwali

Painting plaques for Ganesh Chaturthi

Making Erasers Mahavira Jayanti

Making pictures for Wesak
